We are proud of the matriculants from all our schools who have passed with great results. Royal Schools Princess Park achieved an amazing 99% pass rate with an incredible 97% tertiary exemption rate. Royal Schools Queens Private achieved an astonishing 100% pass rate with an 89% tertiary exemption pass rate and Royal Schools Alberton achieved a remarkable 98% pass rate with a 91% tertiary exemption pass rate while Royal Schools Sky City's Grade 12's passed with an incredible 100% and a 97% tertiary exemption pass rate. Congratulations once again to all these learners, teachers and parents who have made this achievement possible despite many difficulties experienced during their school career.

The success of these young minds is not only a reflection of their efforts but also a testament to the support and guidance they have received from you, their parents and teachers. Your encouragement and involvement in their education have played a crucial role in shaping their academic journey.

As we celebrate these wonderful results, let us remember that education is a collaborative effort between school and home. Your partnership with us has contributed significantly to the success of our matriculants.
